

Australian Walking and Cycling Conference

Adelaide 2026 – Program, Day 1 (15 Oct)

Registration and coffee from 8:30am ACST (9:00am AEST/ 7:00am AWST)

Plenary (Main Theatre)

Opening and Welcome to Country

Keynote: Lord Mayor Clover Moore + Fiona Campbell, City of Sydney

Lord Mayor Clover Moore has spearheaded a major active transport transformation in Sydney over her record six terms, shifting the urban landscape from car-dominated to pedestrian and cyclist-friendly. LM Moore and “Unsung Hero” Fiona Campbell will share their knowledge and experiences in paving the path to least resistance.

Gold sponsor address (5min)

Morning Tea @ 10:20 am (25 mins)

Stream A (Main theatre)

Amy Naulls Austrroads	From “nice idea” to “everyday choice”: the road managers role in making active travel easier	learnshop
Tegan Mitchell City of Sydney	Case study: City of Sydney's approach to street space reallocation to accelerate delivery of the bike network	learnshop
Elliott Fishman Institute for Sensible Transport	Beyond the strategy: interventions that actually shift walking and cycling rates	learnshop

Stream B (Library)

Felipe Irony Bitzios Consulting	Implementing high-quality active transport infrastructure in regional areas	learnshop
Gina Gatarin Urban Transformations Research Centre, Western Sydney University	The roads that are much taken: fighting for dignified commuting in the Philippines	learnshop
Sarah Tedder Ride Revolution Project	The social infrastructure of cycling: creating the conditions for cycling to thrive	learnshop

Lunch @ 12:15pm (45 min)

(housekeeping: please take belongings from the Main Theatre as we need to reformat tables)

Stream A (Main theatre)

Ian Woodcock University of Sydney	Walking and cycling are not first mile-last mile problems	spincycle
Jamie Mackenzie Centre for Automotive Safety Research, Adelaide University	A review of methods for measuring cycling exposure	spincycle
Jamie van Geldermalsen WalkSydney	Seize and crush: why the e-bike panic matters to all of us, and what to do about it	spincycle
Jessica Rivera-Villicana Centre for Urban Research RMIT University	Multimodal mapping of cycling infrastructure at national scale: assessing transferability of computer vision models in the Australian context	spincycle
Jerryn Zwart Zwart Transport Planning	Making multimodal travel effortless: lessons from Meadowbrook's mobility hub	spincycle
Joint Q&A (5min)		

Australian Walking and Cycling Conference

Adelaide 2026 – Program, Day 1 (cont.)

Stream A (Main theatre) cont.

1:30pm – 2:30pm

Wayde Hazelton
WaySafe
John Devney
Tonkin Consulting
Charlene Bordley
Addventagous Bike Community
Claire Graham
MRCagney

Australia's Road Safety Drift: an architectural diagnosis and reform pathway for people walking and cycling
Smarter planning for walking and cycling infrastructure in the growth housing areas of South Australia
Meeting people where they're at: creating the path of least resistance for active transport
A new tool in our toolbox to support change

Roundtables
(10min presentation/10 min discussion)

Stream B: Library

1:00pm – 2:30pm

Anthony Aisenberg
CrowdLab
James Laing
Eukai Transport Advisory
Afshin Jafari
Centre for Urban Research, RMIT University

Walking the path of most resistance: a vulnerability-led approach to pedestrian network planning
Severance therapy for suburban streets
FASTrack: a co-designed planning support tool for cycling infrastructure scenario assessment in regional areas

learnshop

Afternoon tea @ 2:30pm (25 min) - Library

(housekeeping: please take belongings from the Main Theatre as we need to reformat tables)

Plenary (Main Theatre)

Gold sponsor speaker (5 min)

3:00pm – 3:45pm

Keynote: Ian Walker

Professor of Psychology and Head of the School of Psychology at Swansea University (UK)
Ian will help us rethink the resistance to travel change and better understand people's thinking, to influence and advocate more effectively for better street outcomes and higher levels of active travel.

Silver sponsor speaker (5 min)

10 min stretch, chat & changeover between streams

Australian Walking and Cycling Conference

Adelaide 2026 – Program, Day 1 (cont.)

Stream A: Youth (Main theatre)

4:00pm – 4:45pm	Ulfi Puarada Walkable Bintaro/ Women on The Move Asia	Supporting children's independent mobility through the Bike2School Serpong Lagoon Program in Indonesia	spincycle
	Dan Anderson Adelaide University	Young people's experiences of bushwalking	spincycle
	Luisana Perassi Zwart Transport Planning	Co-designing safe and vibrant streets with young people	hybrid (10min)
	Isabelle ("Bella") Torres-Gomez	The 14-year old girl test: designing walking and cycling networks for independent mobility	hybrid (10min)
	Stephanie Edwards Zwart Transport Planning	Designing for everyone: integrating universal design and accessibility into active transport planning and design	hybrid (10min)
	Joint Q&A (5min)		

Youth panel discussion
Facilitator: Hulya Gilbert

Stream B (Library)

4:00pm – 5:00pm	Elliott Fishman Institute for Sensible Transport	Which apps keep riders safe? A quantitative evaluation of navigation apps used by gig economy (food delivery) bicycle riders	learnshop
	Luisana Perassi Zwart Transport Planning	Making place real: how place-led thinking shapes better planning and transport outcomes	learnshop
5:00pm – 5:30pm	Emmy Heikamp Dutch Cargo Bike	People don't need convincing. They need a reason to ride.	spincycle
	Luci Ward Heart Foundation	Healthy Active by Design: connecting the policy pathways that prioritise health in land use planning	spincycle
	Sarah Bickford Bicycle NSW	A cycle-friendly NSW	spincycle
	Joint Q&A (15min)		

Session chairs: Dinner meeting details, next day information, thank you & day's close

Conference dinner: The Gallery @ 30 Waymouth Street

The inclusive cycling board game (Claire Graham, MRCagney)

Australian Walking and Cycling Conference

Adelaide 2026 – Program, Day 2 (16 Oct)

Registration and coffee from 8:30am ACST (9:00am AEST/ 7:00am AWST)

Pre-conference: Walking SA tour and coffee (7:30am-8:50am)

Plenary (Main Theatre)

9:00am – 9:55am

Welcome

Keynote: Terry Lee Williams

Having worked at all levels of government and globally in consulting with the message that the movement of people – not things – is what needs to be counted, Terry will share how he has successfully overcome resistance by changing the conversation and acting with intent to benefit pedestrians and cyclists.

Brought to you by our presenting partners and supporters:

5 min stretch, chat and changeover

10:00am – 10:40pm

Elizabeth Leece Western Sydney Local Health District	Towards least resistance: making walkability the default in local government	spincycle
Jessica Rivera-Villicana Centre for Urban Research RMIT University	Cool walking routes: measuring shaded walkability for heat-resilient cities using computer vision and spatial data	spincycle
Lily Harrison University of Birmingham	Investing in walking: The recognition of walking on the public policy agenda	spincycle
Rubin Singh Maharjan Nepal Cycle Society	Phase II: making Patan Durbar Square a pedestrian and cycle friendly zone: a trial implementation project funded by Lalitpur Metropolitan City under the City Pride project	spincycle
Annie Matan City of Sydney	Five often overlooked things Councils can do to improve walkability	spincycle
David Forward Penrith City Council	Road of most resistance: using constrained streets for behaviour change	spincycle
Joint Q&A (10min)		

Gold sponsor address (5 min)

Morning Tea @ 10:45 am (30 mins)

Stream A: Walking (Main Theatre)

11:15am – 12:45pm

Charles Mountain RAA	Findings of the RAA scooters survey	learnshop
Widiyani Widiyani Architecture Program Institut Teknologi Bandung	Walking, storytelling, and meaning-making: exploring Jane's Walk as an experiential approach to understanding cities	learnshop
Hulya Gilbert UNSW Sydney	Rethinking road safety for walkers through an equity lens	learnshop

Stream B: Infrastructure (Library)

Claire Graham MRCagney	Inclusive access and shared corners	learnshop
Fay Patterson Bike Adelaide	The QPAC – kung fu for active transport?	learnshop
Vidumini Pamuditha School of Civil Engineering University of Sydney	Path of least resistance: evaluating the evidence for speed limit reforms as enablers of active mobility	learnshop

Australian Walking and Cycling Conference

Adelaide 2026 – Program, Day 2 (cont.)

Lunch @ 12:45pm (45 min)

Stream A (Main Theatre)

1:30pm – 2:35pm

Afshin Jefari Centre for Urban Research RMIT University	A national bikeability indicator for Australian cities: measuring low traffic stress cycling access to everyday destinations	learnshop
Elliott Fishman Institute for Sensible Transport	Follow the data: an evidence-based approach to bicycle network planning for local government	learnshop
Sundance Bilson-Thompson Freestyle Cycling Campaign	The car-owner virus: pandemics, pedal power, and PPE	spincycle

Stream B (Library)

Mayor Tanya Taylor and Nick Chapman, Resilience Specialist Willoughby City Council	No need to drive! The Resilient Willoughby schools active travel program	learnshop
Sara Pilgrim Victoria Walks	Reducing resistance to safer speeds: values-based communication for 30 km/h neighbourhoods	learnshop
Bridgette Minuzzo Adelaide Bike Kitchen	Fixing bikes, building community – Adelaide Bike Kitchen	spincycle

Afternoon tea @ 2:35pm (25 min)

Plenary (Main Theatre)

3:00pm – 3:45pm

Keynote: *Prue Oswin*

Via University, competitive triathlons, as a water engineer working on strategic planning projects and now transport planner/ engineer, Prue's conviction has grown that active transport is a healthy and sustainable way for people to move. She will discuss the pivotal role of engineering and safety in making active transport the path of least resistance.

Silver sponsor speaker (5 min)

5 min stretch and chat

3:55pm – 4:40pm

Panel discussion

A selection of our keynote and invited speakers reflect and discuss

Haigh's prize draw for evaluations, thank you and close
